

The Tales of Deputy Guppy

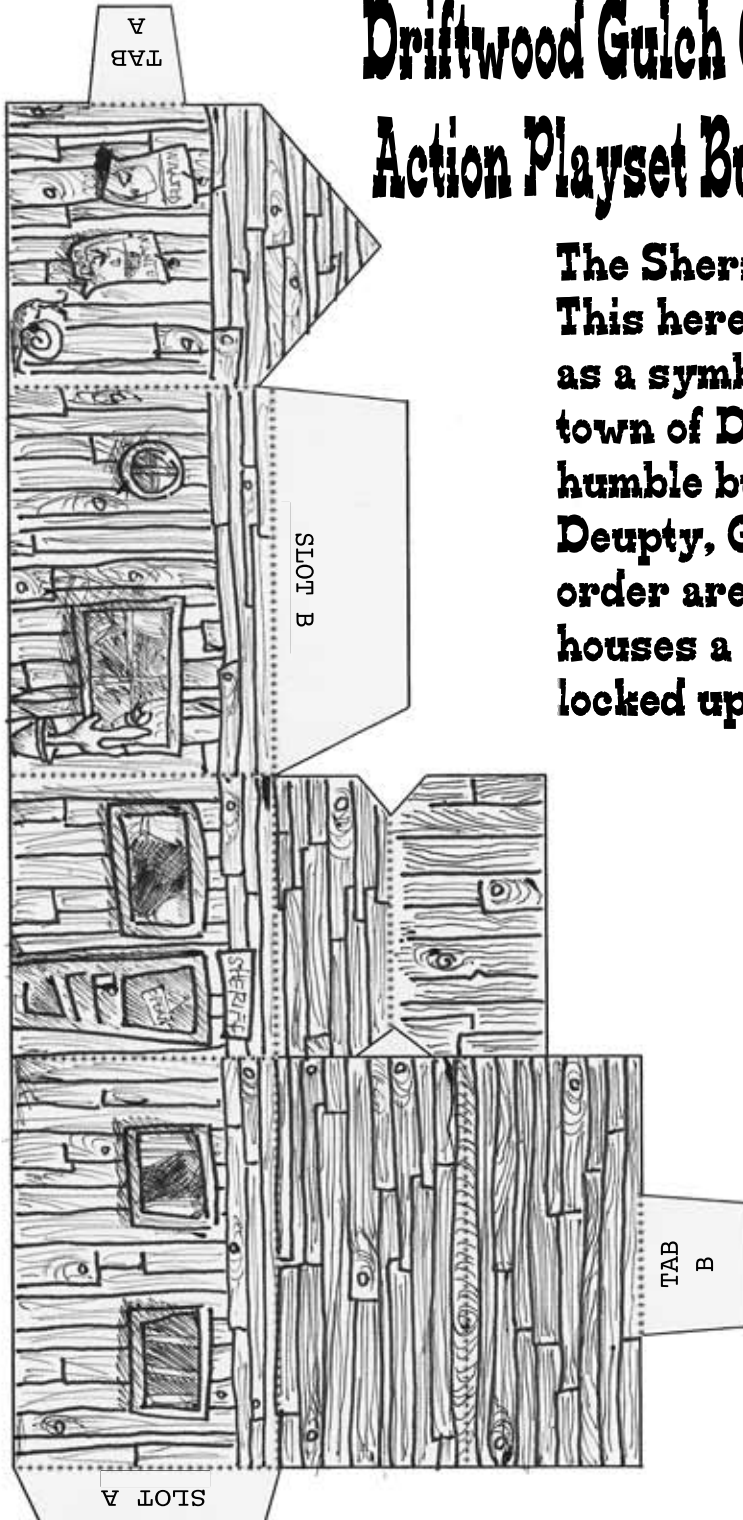

Driftwood Gulch Color, Cut & Fold Action Playset Building Number 1

The Sheriff's Office

This here's the Sheriff's Office! It stands as a symbol of peace and justice in the tiny town of Driftwood Gulch. It's from this humble building that Sheriff Bass and his Deputy, Guppy, make sure that law and order are always maintained. The building houses a small jail cell to keep any outlaws locked up while they await a ride to prison.
