Aunt Pike's Boarding House
This is where Deputy Guppy lives with his Aunt Pike. If there's one thing Aunt Pike likes to do, it's cook! If you haven't had one or two stacks of her Griddle Flakes, you're bound to starve. There's always some delicious food cooking in her kitchen. She also opens her doors to boarders who are in town for a few weeks. Her cooking is so good, some of them never want to leave!
